SUMMARY

Java Full Stack Developer with hands-on experience building web applications using Java, Spring Boot, React.js, MongoDB, and RESTful APIs. Developed and deployed CivicEarth with JWT authentication, RBAC, and cloud deployment using Render, Vercel, and MongoDB Atlas. Strong foundation in OOP, DSA, MVC Architecture, Design Patterns, and Agile practices. Seeking to contribute to scalable, high-quality software solutions in an entry-level Software Developer role.

PROJECTS

CivicEarth (Java Full Stack | React.js, Spring Boot, MongoDB, REST API, JWT, RBAC)

- Engineered a production-grade civic complaint management platform using React.js, Spring Boot, and MongoDB; reduced API response time by 35% through endpoint optimization and implemented **JWT + RBAC** securing 4 distinct user roles.
- Designed and tested **RESTful APIs** for complaint reporting, tracking, and resolution management using Postman.
- Deployed frontend on Vercel and backend on Render with **MongoDB Atlas** cloud integration.
- Project Link: <https://civic-earth.vercel.app>

Event Management System (Frontend | React.js, HTML5, CSS3, Tailwind CSS, Responsive Design)

- Built a fully responsive event booking UI achieving 98/100 Google Lighthouse performance score; implemented cross-device layouts using Tailwind CSS utility classes supporting 4 breakpoints from 320px to 1440px.
- Developed reusable React.js components and managed application state using React Hooks to create an interactive event booking experience.
- Project Link: <https://eventsmanagementweb.netlify.app>

SKILLS

- Programming Languages:** Java, C, C++, Python (Fundamentals).
- Core Concepts:** OOP, Data Structures & Algorithms (DSA), SOLID Principles, MVC Architecture, Design Patterns.
- Frontend:** HTML5, CSS3, Tailwind CSS, React.js, Responsive Design, REST API Integration.
- Backend:** Spring Boot, Servlets, JSP, Hibernate ORM, JDBC, JPA, RESTful APIs, JWT Authentication, RBAC.
- Databases:** MySQL, MongoDB, MongoDB Atlas.
- Tools & Technologies:** Git, GitHub, Postman, GitHub Actions, Maven, VS Code, IntelliJ IDEA, Eclipse, Vercel, Render.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Engineering 2022 – 2026

Dilap Research Institute of Engineering and Management Studies, Karjat [Mumbai University]

- CGPA: 7.17**

Higher Secondary Certificate (HSC) — R. C. Patel Arts, Commerce & Science College, Shirpur 2021 – 2022

- Percentage: 86.50**

Secondary School Certificate (SSC) — R.C. Patel Main Building Secondary School, Shirpur 2019 – 2020

- Percentage: 90.00**

INTERNSHIP

Java Programming Intern (Online) — InternPe July 2025 – August 2025

- Solved 20+ industry-grade Java challenges applying OOP principles (inheritance, polymorphism, encapsulation); refactored 5 legacy modules reducing code complexity by ~30% as measured by cyclomatic complexity.
- Collaborated on debugging and performance optimization tasks, improving application reliability and code maintainability.

CERTIFICATIONS

- Masters in Java Full Stack Development** – Prodigy Technologies Institute (2026)
- React & Redux Certification** – KnowledgeGate
- AWS Cloud Computing Certification** – DevTown
- Web Development Bootcamp** – DevTown
